

RETURN PROTOCOL — VEHICLE RETURN

Lessor: _____, _____

Renter: _____, _____

Vehicle: _____ (_____), registration plate _____

Rental period: from _____ to _____

CONDITION AT RETURN

The odometer reading, fuel level and the checked list of accessories are recorded below; the photographs taken form an annex to this protocol. Differences from the condition at handover (distance driven, fuel difference, missing accessories) are summarised in the Differences section and serve as the basis for any drawing on the security deposit.

Damage and other findings noted at return:

By signing, both parties confirm the condition of the Vehicle at return as recorded in this protocol.
